an objective impartial criticism pdf

Objectivity is a philosophical concept of being true independently from individual subjectivity caused by perception, emotions, or imagination. A proposition is considered to have objective truth when its truth conditions are met without bias caused by a sentient subject. Scientific objectivity refers to the ability to judge without partiality or external influence, sometimes used synonymously ...

The British Broadcasting Corporation (BBC) took its present form on 1 January 1927 when Sir John Reith became its first Director General. Reith stated that impartiality and objectivity were the essence of professionalism in broadcasting. Allegations that the corporation lacks impartial and objective journalism are regularly made by observers, on both the left and right of the political spectrum.
