

multivariate spline functions and pdf

In numerical analysis, a cubic Hermite spline or cubic Hermite interpolator is a spline where each piece is a third-degree polynomial specified in Hermite form: that is, by its values and first derivatives at the end points of the corresponding domain interval.. Cubic Hermite splines are typically used for interpolation of numeric data specified at given argument values x_i , to obtain a ...

Cubic Hermite spline - Wikipedia

Non-uniform rational basis spline (NURBS) is a mathematical model commonly used in computer graphics for generating and representing curves and surfaces. It offers great flexibility and precision for handling both analytic (surfaces defined by common mathematical formulae) and modeled shapes. NURBS are commonly used in computer-aided design (CAD), manufacturing (CAM), and engineering and are part of ...

Non-uniform rational B-spline - Wikipedia

mkspline Linear and restricted cubic spline construction 3 Example 1 We wish to fit a model of log income on education and age by using a piecewise linear function

mkspline Linear and restricted cubic spline construction

Documents SAS/IML software, which provides a flexible programming language that enables novice or experienced programmers to perform data and matrix manipulation, statistical analysis, numerical analysis, and nonlinear optimization. SAS/IML software offers a rich, interactive programming language with an extensive library of subroutines and also enables you to create your own customized ...

SAS/IML(R) 9.3 User's Guide - SAS Technical Support

Documents SAS/IML software, which provides a flexible programming language that enables statistical programmers to perform statistical data analysis, simulation, matrix computations, and nonlinear optimization. SAS/IML software offers a rich, interactive programming language with an extensive library of subroutines and enables you to create your own customized function modules.

The purpose of this page is to provide resources in the rapidly growing area of computer-based statistical data analysis. This site provides a web-enhanced course on various topics in statistical data analysis, including SPSS and SAS program listings and introductory routines. Topics include questionnaire design and survey sampling, forecasting techniques, computational tools and demonstrations.
